Brother Yang Wenge,

Hello! Safe!

Our Toronto Chinese Evangelical Pastoral Fellowship recently received your letter and has carefully discussed the issues you raised. We have also reviewed Huaxia West Church's position on this matter, as well as previous correspondence between you and Pastor Gong, which has given us a more comprehensive understanding of the matter.

The Toronto Chinese Evangelical Pastoral Fellowship is a fellowship for mutual prayer, encouragement, and exchange of work experiences. We are not a denominational organization, nor a church management or supervisory body. Therefore, we have no right or place to intervene in disputes or controversies between churches, pastors, and congregants. Therefore, regarding your appeal, and considering that the parties you mentioned belong to the Huaxia West Church, you may consider seeking the Huaxia West Church or its association to handle your appeal.

The content of your letter involves the reputation of the individuals and the church, and is of grave concern. We have noticed that between 2023 and 2025, you attended gatherings of our Toronto Chinese Evangelical Pastoral Fellowship and disseminated information about the incident to pastoral staff via email. We therefore strongly advise against disseminating allegations against individuals or churches through email, physical distribution, or other means without proper verification, legal procedures, or appropriate communication/handling by the church. This can cause reputational damage to the individuals/churches involved and may even lead to legal liability. We have not found any errors or omissions on the part of Pastor Gong Mingpeng that warrant our censure. Therefore, Pastor Gong Mingpeng remains a member of TCEMF and may continue to participate in our activities.

May the Lord grant you wisdom and a peaceful heart, so that you may glorify God and benefit others more.
